## CASE RESULTS

### \$245,000 for Client Injured at Work

Our client was working in an assisted living home and was injured while helping a patient from the shower. She injured her lower back while keeping the patient from hitting the ground after the patient slipped.

Hupy and Abraham, S.C. fought to ensure our client received the pain management, healing period and benefit checks she deserved. In the end, the firm was able to secure a permanent disability payment for hundreds of thousands of dollars, more than 100 percent of her industrial disability rate.

### \$1 Million for Biker Hit by Semi

On a sunny day in August 2013, our client was riding his motorcycle westbound on the highway when an eastbound semi attempted an illegal U-turn. Our client was forced to take evasive action, causing him to fall off his motorcycle.

The insurance company did not intend to pay the \$1 million policy limit, but Attorney Jason Abraham refused to settle for less. After numerous phone calls and letters, the insurance company agreed to pay \$1 million without a lawsuit.
