CASE RESULTS

After Candid Admission, Cyclist Gets \$395,000

Our client was walking his bicycle across the street on a rural road in McHenry County, Illinois, when he was struck from behind by a motorist.

He sustained injuries to both his legs, shoulder and head and required multiple surgeries. The insurance company denied the claim completely because our client admitted he had been drinking. Attorney Vito Manicioto took the case to mediation and obtained a \$395,000 settlement.

Tragic Motorcycle Accident Results in \$1,350,000 Settlement

In May 2017, Attorney Jason F. Abraham's client was a passenger on a motorcycle. The driver began to operate the motorcycle at an excessive rate of speed approaching an intersection. An SUV attempted to make a left turn in front of the motorcycle, which resulted in a horrific crash.

The driver of the motorcycle was killed and our client suffered catastrophic injuries. Attorney Abraham hired experts and completed intensive negotiations, which led to both the SUV driver's and the motorcycle operator's insurance companies to pay their policy limits. Attorney Abraham obtained a \$1,350,000 settlement.

YOU SHOULD KNOW

Keep the Holidays Bright by Avoiding Injuries

November marks the beginning of the holiday season, when friends and family gather to celebrate and parties are held. Remember these tips to make sure everyone stays safe and injury free through the coming months!

Travel Smart: Many people decide to travel by car this time of year. Compared to any other mode of transportation, the highest fatality rate occurs by automobile. Make sure every passenger is buckled up when driving, and keep an emergency kit in the vehicle. Put cell phones away, because one-quarter of crashes are caused by distracted drivers. Plus, be ready for heavy snow and traffic.

Beware of Fire: According to the National Fire Protection Association, thousands of deaths annually are caused by burns, fires and other related injuries. Candle use tends to increase this time of year, and adding combustible decorations to the mix is a risk for fire. Don't burn candles near flammable items, and don't burn decorations or wreathes in the fireplace.

Turkey fryers are also a hazard this time of year. If you decide to fry a turkey at home, keep the fryer at least 10 feet away from the house and keep all children away. Find flat ground and have a fire extinguisher ready at all times. Be cautious of the fryer lid and its handle as they can become too hot and cause burns.

Decorate with Care: Putting up decorations is a great way to get into the holiday spirit, but thousands of injuries are associated with careless actions. Hanging lights is one of the most popular parts of decorating, so make sure there are no loose connections, exposed or frayed wires or broken sockets. Double-check that walking paths are cleared so others don't trip on decorations, toys, wrapping paper and the like.

Give Gifts Safely: Giving presents is a staple of the holidays. It is important to keep the age of the recipient in mind when making selections. For infants and children, avoid toys with small parts and be sure to check if any toys have been recalled. When purchasing for older adults, pick something that isn't heavy or difficult to handle.

Follow these guidelines and you will be on your way to making this season memorable for the right reasons! If you or a family member is injured, call us 24/7 at **1-800-800-5678**.

ALERT:

Depuy Attune Knee Replacement Failure

Patients who received this knee implant are reporting premature device failure – some occurring within the first two months of surgery. Patients may experience serious pain along with bone loss, muscle damage, and infection.

Please call us today if you or a loved one has experienced these complications:

IN THE COMMUNITY

Donation Provides Holiday Meals to More Than 5,000

The holidays are a time for giving, and at Hupy and Abraham, S.C. we firmly believe that means giving back to our community. While giving is a priority year-round, during this time of year the firm prefers to focus its attention on donating money to provide food baskets for families in need.

Instead of sending holiday cards, the firm donates more than \$15,000 – feeding more than 5,000 people over the holidays! This money goes exclusively to families in the communities where we work and live who otherwise might not be able to enjoy a holiday meal.

Donating holiday food baskets is just one thing we can do to give back. In the past three years, Hupy and Abraham, S.C. has donated more than \$500,000 to hundreds of worthwhile causes.

Hupy and Abraham, S.C. also partners with several other legal nonprofits that work to provide free or low-cost services to those in need.

Attorney Michael Hupy Commits \$20,000 to Support Law Students

Hupy and Abraham, S.C. president, Attorney Michael Hupy, has developed a unique long-term fellowship for Marquette University Law School students. His five-year commitment supports students in the Public Interest Law Society (PILS) and serves as an important resource for the continuity of the fellowship program. The Michael F. Hupy Fellowship places one student at the Milwaukee Justice Center (MJC) and enables other students to contribute an entire summer to public interest legal work in local and global communities.

A principal benefactor of the MJC, Attorney Hupy says: "The legal profession exists for the benefit of the public. I am very proud of the contributions of the Milwaukee Justice Center volunteers who would otherwise not have access to them and am happy to be able to help. I am proud to support these students dedicated to working for the common good."
