## CASE RESULTS

### \$1,000,000 for Client After EMS Vehicle Rollover

Our client was being transported to the hospital in an EMS vehicle that was going too fast for conditions and the driver lost control. The vehicle spun several times and rolled over. As a result of the violent crash, our client received several serious injuries.

Attorney Brandon Derry held firm with the insurance company and recovered the full policy limit of \$1,000,000.

### Multimillion Settlement for Woman Injured on the Job

Attorney Todd Korb recently settled a multimillion-dollar case for a woman who had suffered head and facial injuries while on the job. **A confidentiality disclosure limits further details of the settlement.**

### \$300,000 After UTV Accident – Without Filing Suit

Our 17-year-old client was on a UTV following behind his father on a tractor, when the driver of a motor vehicle rear-ended him. The collision pushed the UTV into the tractor.

Our client suffered multiple facial fractures, lacerations, and a concussion. He required several surgical procedures to repair his fractured jaw and extract damaged teeth.

Attorney Eric Schade was able to get the limit of \$300,000 without filing a lawsuit.
