**We Have Collected More Than \$1 Billion for Thousands of Clients**

VOLUME 19 | NOVEMBER 2016

**CASE RESULTS**

**In-Home Care Victim  
Receives \$525,000**

Our client was receiving in-home care when her aide allowed her to fall to the floor, causing femur fractures in both legs. These injuries required surgery and long-term rehabilitation and resulted in permanent disablement.

The insurance company initially offered \$150,000. After intense negotiations, Hupy and Abraham, S.C. settled the case for \$525,000.

**Uninsured Motorcyclist  
Gets \$150,000 Settlement**

Our client was riding his motorcycle on the highway when a careless motorist turned in front of him, causing a collision that left him with multiple fractures and a neck injury that required surgery.

Our client had no insurance, but the defendant did. In the end, our client's medical bills were just over \$80,000, but his final settlement totaled \$150,000.

**Millions Awarded to  
Talcum Powder Victims**

Talc is commonly found in baby powder and other feminine hygiene products. But recent studies have linked talcum powder to ovarian cancer.

As a result, millions of dollars have been awarded to thousands of victims. One verdict resulted in a \$72,000,000 settlement for the victim's family.

If you were harmed by talcum powder, call Attorney Chad Kreblin at (800) 800-5678.

**'Tis the Season for Holiday Injuries, so Celebrate Safely**

Most people look forward to the holiday season as a time for family get-togethers. But the last place your family wants to get together is the emergency room. These safety tips will help you and your family enjoy the holidays together safely.

**Winter Driving**

Seeing loved ones who live hundreds or even thousands of miles away requires travel. This creates more traffic when road conditions are at their worst. Follow these tips to stay safe:

- **Winterize Your Vehicle** — If your mechanic has been recommending new tires, wiper blades or a brake job, now is the time.
- **Keep Your Distance** — No tailgating!
- **Brake Slowly** — This will help you maintain control of your vehicle and avoid fishtailing.

**Celebrate Safely**

When relaxing during those well-earned holiday breaks, it's easy to overlook potential safety hazards. Be sure to:

- **Select Age-Appropriate Gifts** — The choices for children's toys are endless, so it's important to pay attention to age guidelines to keep your loved ones safe.

- **Take Time in the Kitchen** — Rushing in the kitchen can lead to accidents with knives or even flames.
- **Keep the Trees Fresh** — Old, dried-out trees are fire hazards.
- **Never Leave Fire Unattended** — Increased use of candles and fireplaces, combined with an increase in the amount of combustible, seasonal decorations, means more risk for fire.

If you're injured at any time, call us for free at (800) 800-5678, even during the holidays.
