We Have Collected **More Than \$1 Billion** for Thousands of Clients

VOLUME 20 | FEBRUARY 2017

CASE RESULTS

Family of Nursing Home Neglect Victim Receives \$300,000

Our client had been receiving care in a Wisconsin nursing home for two years when she fell and fractured her hip. After being treated, she returned to the facility and received insufficient care. Within one month, she developed a bed sore that became infected, resulting in her death.

The insurance company refused even to discuss a settlement. After Hupy and Abraham, S.C. filed suit, they paid \$300,000 to settle the case.

Despite Client's Pre-Existing Conditions, Hupy and Abraham, S.C. Gets \$415,000

Our client's lengthy history of neck pain and headaches was further aggravated by a rear-end accident in Appleton, Wisconsin. She had been treated for her conditions as recently as 10 days before the collision.

The insurance company denied the claim, attributing all her pain to the pre-existing conditions. Hupy and Abraham, S.C. filed suit and secured \$415,000 — an amount that compensates her for all post-accident and future treatments.

Hupy and Abraham, S.C. Employees Make Two Wishes Come True

Each holiday season, Hupy and Abraham, S.C. employees make a charitable donation as a “thank you” to the partners. This year, the employees partnered with Make-A-Wish, an organization that grants the wishes of children with life-threatening illnesses.

Their goal was to raise enough money to fulfill 10-year-old Annika’s wish of attending the Iditarod Trail Sled Dog Race in Alaska. Not only was that goal met, the employees donated enough money to grant a second wish! As a result, 15-year-old Alexia will soon fulfill her wish to visit Hawaii.

New Campaign Aims to Curb Deadly Opioid Problem

Hupy and Abraham, S.C. is partnering with the Drug Enforcement Administration on a billboard campaign aiming to prevent and treat opioid addiction. Attorney Michael Hupy announced the campaign at a recent press conference.

“This is the time to take action and to be activists to save our children,” Attorney Hupy said.

The digital billboards alternate between multiple messages. One displays the sobering, year-to-date tally of opioid deaths. Another encourages parents to talk to their children about opioid dangers and to call 2-1-1 when they need help.
